U.S. Customs and Border Protection

Pipeline 05-16
September 26, 2005

TO : Customs Brokers, Importers and Others Concerned

SUBJECT : Port of Chicago Directory

Attached please find a new listing of Port of Chicago telephone numbers and harmonized tariff number assignments. This pipeline supersedes all previous issued notices with conflicting information.

There are two primary Entry Specialist Teams: the Entry Unit (312-983-1321) and the Reports Unit (312-983-1320). The Entry Unit processes all entry summaries assigned to the Entry Branch, such as warehouse entries, TIB's, entry summary rejections, permanent exhibition entries, etc. The Reports Unit is responsible for error resolution, focusing on error listings, such as the Unpaid Report, the Late Report, Overdue Rejected Entries Report, and the Unresolved Entries (CF 3461) Report. The Reports Unit is responsible for all cancellations and deletions for which an entry summary has NOT been filed and duties have not been paid.

Each filer is assigned an entry specialist in the Entry Unit. Attached please find a listing of filer/entry specialist assignments. Any questions pertaining to entry processing should be directed to the assigned entry specialist.

Please note, when phoning a commodity team at the Customhouse, the **commodity team number** should be used, not an individual import specialist's number. An individual import specialist's direct number should only be used when responding to a specific rejection, request for information, etc. All general inquiries should be made on the team number.
